

The Golf Watch with Modern Style

- Sleek GPS golf watch that reflects your passion on and off the course
- Large, 1.2" sunlight-readable color touchscreen display
- Quickly gets your location using GPS to show precise yardages to greens, hazards and doglegs, on full-color course maps
- Convenient QuickFit® bands for fast style changes without tools
- More than [41,000 courses](#) from around the world
- Battery life: up to 10 hours in golf mode; up to 10 days in watch mode

Look good on and off the course. The Approach® S60 golf watch gives you the critical information you need for your round — displayed on a large, 1.2-inch sunlight readable color touchscreen — so you can master your game. And with convenient [QuickFit™ bands](#), you can change your style without tools to match your activity, so you're always in fashion.

Keep Track. And Keep Score

With more sensors to improve detection accuracy, AutoShot game tracking automatically detects¹ along the fairway and records distances for post-game analysis on [Garmin Connect™](#).

Know Your Course

Approach S60 comes preloaded with maps for more than 41,000 golf courses around the world, and it offers automatic downloads¹ of updates for those you play the most often when synced with Garmin Connect.

Reach the Pin

Get precise distances to each location on the course, as well as PlaysLike Distance, which adjusts yardages to account for uphill and downhill shots so you can select the best club for the situation. And with Touch Targeting, you can touch any point on the map for precise measurement to that exact spot — including fairway, sand traps, water hazards and more.

Green View gives you each green's true shape from wherever you are on the course, and it allows you to manually drag-and-drop the pin into the correct location for the day for greater accuracy. PinPointer even tells you the direction to the pin when you have a blind shot.

Personal Timepiece,
Personal Touches

Sync the Approach S60 to your compatible smartphone³ to get smart notifications for incoming calls, texts, emails and other alerts. Connect in more ways, too, including the [Garmin Golf™](#) app, which allows you to compete on leaderboards on any one of our 41,000 courses with friends. Download custom watch faces, apps and widgets from the [Connect IQ™](#) store. And customize your watch face with any photo from your mobile device with the [Face It™](#) app.

Play Longer

With up to 10 hours of battery life while golfing — or up to 10 days in watch mode — your

Approach S60 is sure to keep up with you. In fact, use for more than just golfing with preloaded activity profiles for running, cycling, swimming and more. And with activity-tracking features, including the move bar, vibration alerts, calories and steps, the Approach S60 will help you stay fit, day in and day out.
